

We Need Your Help!

We are in discussions with air carriers regarding the use of our “Small Community Air Service Development Grant” to provide nonstop service to Los Angeles International Airport (LAX). While we have substantial U.S. Department of Transportation generated passenger data to support the route, the airlines have consistently asked us for additional, customer derived information. We would be most grateful if you would respond to the following questions:

In appreciation for your time and effort, we will return a value card worth one day of free on-airport parking in any of our lots or covered facilities.

- No
- \$0 - \$50 more
- \$50 - \$100 more

2.) How many round trips per year do you typically make to LAX? _____

3.) How many trips to other L.A. Basin airports (Long Beach, Ontario, Burbank, & Orange County) _____
